

*Our Creative Learning Journey
theme will be
'One world, many stories.'*

PHYSICAL DEVELOPMENT

This term we will be moving in a variety of ways and begin to throw and catch with increasing accuracy. We will have opportunities to learn to use one-handed tools effectively and safely. As we learn to hold a pencil correctly, we will begin to copy some letters independently.

EXPRESSIVE ARTS AND DESIGN

This term we will be using construction and recycled materials to create familiar objects. We will explore how colours change when mixing them. Using instruments, we will tap out simple rhythms and learn new songs.

MATHEMATICS

We will be using number language in our play and reciting numbers to 10. We shall start to recognise numbers to 5/10 and represent these numbers using physical objects. As we play, we will begin to describe their position using positional language.

PERSONAL, SOCIAL AND EMOTIONAL DEVELOPMENT

This term we will be learning to adjust to the new routines in our year group and start to build relationships with staff and peers. We will develop a positive 'Growth Mindset' and continue to follow the 3 Golden Reminders. There will be lots of opportunities for us to develop our social skills e.g. turn taking and sharing equipment.

LITERACY

In Literacy, we will be giving meaning to the marks we make when we are drawing, painting and writing independently. We will be taking part in lots of rhyme and rhythm activities. As we play, we will use our imagination to tell and record our own stories.

COMMUNICATION AND LANGUAGE

This term we will be listening to the sounds around us and begin to hear the initial sounds in words. We will enjoy listening to stories from around the world and begin to answer 'How?' and 'Why?' questions about them. When we discuss the philosophy questions, we will begin to express our own thoughts and opinions.

UNDERSTANDING THE WORLD

We will be learning all about the other children in our class and sharing our own likes and dislikes. This will help us to understand why we are unique. After reading stories from around the world, we will learn about different cultures and religions. As we observe the different environments, we will make comparisons between them and our own. We will use the technology to support our learning.
